# PROGRAM

INTERNATIONAL  
NEUROLOGICAL  
KETOGENIC SOCIETY

EPI Skills Meeting

---

# WELCOME WORDS

Dear Colleagues, Dear Friends, Dear Families,

It is our great pleasure to organize the 9th Global Symposium on Ketogenic Therapies jointly with the 5th European GLUT-IDS Meeting in Paris, France, September 16-19th, 2025.

We are immensely honored to be hosting the Global Symposium on Ketogenic Therapies in France, marking the first time this event has taken place in Europe outside the UK.

These meetings taking place every two years provide an update on science, medical and dietary advances and daily management. Eminent key opinion leaders are anticipated to share their insights and to provide their expertise in the field. Everything will be done again to promote interaction between the experts, the healthcare professionals and the families.

We are confident that you will enjoy the lectures and the meeting. The location is amazing in an Art Deco Ambiance and good French food is expected.

**Stéphane Auvin & Elles Van Der Louw**

Co-chairs SOC Paris 2025

**Helen Cross**

Chair of Executive Committee of INKS

## LOCAL ORGANISING COMMITTEE MEMBERS

Stéphane Auvin • Helen Cross • Julie Fountain • Katia Geraldès • Beth Zupec-Kania

## SCIENTIFIC ADVISORY BOARD COMMITTEE MEMBERS

Helen Cross, Chair of INKS

Stéphane Auvin, Co-chair SABC-Paris 2025

Elle Van Der Louw, Co-chair SABC-Paris 2025

Marisa Armeno • Anne de St Martin • Rima Nabbout • Janak Nathan •

Katherine Megaw • Nathasha Schoeler • Adrienne Scheck • Robin Williams

TUESDAY, SEPTEMBER 16<sup>TH</sup>

## SATELLITE SYMPOSIUM: BRIDGING EPILEPSY, METABOLISM, AND INFLAMMATION: FROM MECHANISMS TO MANAGEMENT

9:30 AM • 11:15 AM

### INTRODUCTION

Chairs: Robin Williams, Stéphane Auvin

*Auditorium Berlioz*

- 9:40 AM      Understanding the link between epilepsy and inflammation: Where do we stand in 2025?  
-
- 10:05 AM      Crosstalk between inflammation and metabolism in the CNS: mechanisms and implications.  
Jong Rho (USA)
- 10:25 AM      Disrupting the gatekeepers: BBB integrity and neurovascular dysfunction in epilepsy.  
Nicola Marchi (France)
- 10:50 AM      The mTOR-inflammation link in developmental and epileptic encephalopathies.  
Eleonora Aronica (The Netherlands)

11:15 AM ~ 11:45 AM      Coffee Break on the exhibition area

11:45 AM • 1:00 PM

### CLINICAL SYNDROMES - PART 1

*Auditorium Berlioz*

- 11:45 AM      Developmental and epileptic encephalopathies and metabolic epilepsies: An overview of etiologies and mechanisms.  
Ingrid Scheffer (Australia)
- 12:10 PM      Epilepsy and suspected metabolic etiology: When to investigate and how?  
Carmen Maria Fons (Spain)

**12:35 PM**      **Developmental and epileptic encephalopathies and inflammatory epilepsies: An overview of etiologies and mechanisms.**  
Rima Nabbout (France)

**1:00 PM ~ 2:00 PM**      **Lunch on the exhibition area**      

**2:00 PM • 3:40 PM**

## **CLINICAL SYNDROMES - PART 2**

Chair: Ingrid Scheffer

*Auditorium Berlioz*

**2:00 PM**      **Epilepsy and suspected inflammatory etiology: When to investigate and how?**  
Simona Balestrini (Italy)

**2:25 PM**      **Rassmussen encephalitis.**  
Stanislas Lagarde (France)

**2:50 PM**      **NORSE.**  
Aurélie Hanin (France)

**3:15 PM**      **Autoimmune epilepsy: Clinical clues, immune targets, and treatment paradigms.**  
Vincent Navarro (France)

**3:40 PM ~ 4:00 PM**      **Coffee Break on the exhibition area**      

**4:00 PM • 5:30 PM**

## **TREATMENT AND INNOVATIVE TREATMENT**

Chairs: Jong Rho, Stéphane Auvin

*Auditorium Berlioz*

**4:00 PM**      **Ketogenic diet, VNS and new ASMs: Modulating neuroinflammation in epilepsy?**  
Stéphane Auvin (France)

**4:25 PM**      **Anti-inflammatory therapies in epilepsy: current evidence and future directions.**  
Stanislas Lagarde (France)

**4:50 PM**      **Microbiota, inflammation and metabolism in epilepsy: Unravelling the hidden connections.**  
Pasquale Striano (Italy)

**5:15 PM**      **End of the event**

WEDNESDAY, SEPTEMBER 17<sup>TH</sup>

8:30 AM • 10:00 AM

## SESSION GLUT1-DS - PART 1

Chairs: Jörg Klepper, Victoria Whiteley

Auditorium Berlioz

- 8:30 AM**     **GLUT1 Deficiency Syndrome: Historical Perspectives, Clinical Spectrum, and Management Strategies.**  
Jörg Klepper (Germany)
- 9:00 AM**     **Transient Neurological Events in GLUT1-DS: Paroxysmal Dyskinesia and Stroke-like Presentations.**  
Michel Willemsen (The Netherlands)
- 9:30 AM**     **Living with GLUT1-DS: Cognitive Outcomes and Quality of Life.**  
Valentina De Giorgis (Italy)

**10:00 AM ~ 10:30 AM**     *Coffee Break on the exhibition area*

## 10:30 AM     SESSION GLUT1-DS - PART 2

Chairs: Jörg Klepper

Auditorium Berlioz

- 10:30 AM**     **SLC2A1 gene and beyond: Exploring the Genetics of GLUT1-DS.**  
Ingrid Scheffer (Australia)
- 11:00 AM**     **GLUT1-DS Research Update: From Mechanisms to Emerging Therapies.**  
Stéphane Auvin (France)
- 11:30 AM**     **More Than a Fuel Problem: Exploring Complex Molecules in the Brain in GLUT1-DS.**  
Jong Rho (USA)
- 12:00 PM**     **GLUT1-DS and Fucose Metabolism: A New Piece in the Puzzle.**  
Hudson Freeze (USA)

## SESSION FOR DIETITIANS ON KDT GUIDELINES

Salle Molière

- 10:30 AM ~ 12:30 PM**  
**Ketogenic Dietitians Research Network: Dietary guidelines and other KDRN projects**  
Natasha Schoeler (The UK), Elles Van der Louw (The Netherlands) & Vicky Whiteley (The UK)

12:30 PM ~ 1:30 PM

Lunch on the exhibition area

1:30 PM • 3:00 PM

## SESSION 1 - GLOBAL KETO

Chairs: Eric Kossoff, Beth Zupec-Kania

Auditorium Berlioz

1:30 PM

### Welcome to Global Keto - Paris - 2025

Elles Van der Louw (The Netherlands), Helen Cross (The UK), Stéphane Auvin (France)

1:40 PM

### History, current use and update of KDT.

Eric Kossoff (USA)

2:00 PM

### The Relevance of Ketosis for Current Metabolism-Based Diets for Epilepsy: A Critical Appraisal.

Jong Rho (USA)

2:20 PM

### Different use of KDT based on disease? (including a focus on GLUT1-DS).

Jörg Klepper (Germany)

2:40 PM

### Deciding when to go on or off KDT in various contexts (including a focus on GLUT1-DS).

Mackenzie Cervenka (USA)

3:00 PM • 4:00 PM

## INDUSTRY SYMPOSIUM

Auditorium Berlioz

See page 17 for the detailed program

4:00 PM ~ 4:30 PM

Coffee Break on the exhibition area

4:30 PM • 5:50 PM

## SESSION 2 - GLOBAL KETO

Chair: Mackenzie Cervenka

Auditorium Berlioz

4:30 PM

### The advantages and disadvantages of chronic KDT Use (including a focus on side effects).

Christina Bergqvist (USA)

4:50 PM

**Pregnancy, lactation and KDT.**

Valentina De Giorgis (Italy), Tanya McDonald (USA)

5:10 PM

**Managing KDT in emergency setting (SE, managing intercurrent illnesses - new indication in neurocritical care).**

Anita Devlin (The UK)

5:30 PM

**Use of the KDT in global warming world (including plant based KDT).**

Elles Van der Louw (The Netherlands)

5:50 PM • ...

## SESSION GLUT 1

*Auditorium Berlioz*

5:50 PM

**GLUT1 community get together**

6:30 PM ~ 7:30 PM

*Networking Event on the exhibition area*

THURSDAY, SEPTEMBER 18<sup>TH</sup>

8:30 AM • 9:00 AM

## JIM ABRAHAMS LECTURE

Chairs: Helen Cross

*Auditorium Berlioz*

### Reflections and Developments from 32 Years of Ketogenic Diet Therapy

Beth Zupec-Kania (USA)

9:00 AM • 10:20 AM

## SESSION 1 • USE OF KDT FOR EPILEPSIES

Chairs: Jong Rho, Helen Cross

*Auditorium Berlioz*

### 9:00 AM Use of KDT in Epilepsy: Syndrome driven.

Anne De Saint Martin (France)

### 9:15 AM Use of KDT in Epilepsy: Genetic driven.

Ingrid Scheffer (Australia)

### 9:30 AM Use of KDT in Epilepsy: Metabolic driven.

Sabine Scholl-Bürgi (Austria)

### 9:50 AM Use of KDT in Epilepsy: RSE and SRSE.

Rima Nabbout (France)

### Flash Oral Communications

### 10:10 AM Using multi-omic technologies to explore mechanisms of action of the ketogenic diet in KMT2D Kabuki Syndrome.

Erica Tsang (Australia)

### 10:15 AM Ketogenic diet in pediatric super refractory status epilepticus- short- and long-term outcomes;15 years single center experience.

Karen Owusu (Canada)

10:20 AM ~ 10:50 AM *Coffee Break on the exhibition area*

10:50 AM • 12:20 PM

SESSION 2 • KDT IN DAILY PRACTICE

Chairs: Janak Nathan, Katherine Megaw

Auditorium Berlioz

- 10:50 AM     **KDT in daily practice: KDTs Diet implementation.**  
Magnhild Kverneland (Norway)
- 11:10 AM     **KDT in daily practice: Synergy of nutrients and drugs, including ASM management during KDT.**  
Christina Bergqvist (USA)
- 11:30 AM     **KDT in daily practice: Fine tuning of KDT.**  
Katherine Megaw (South Africa)
- 11:50 PM     **KDT in daily practice: Ways and consequences of weaning off KDT.**  
Noemie Donnard (France)

Flash Oral Communications

- 12:10 PM     **Evaluation of the efficacy of the ketogenic diet in paediatric patients with refractory epilepsy undergoing corticosteroid therapy: experience in a clinical cohort.**  
Ana Muñoz (Spain)
- 12:15 PM     **The nutritional adequacy of the ketogenic diet in paediatric epilepsy: detailed nutrient analysis and dietary recommendations.**  
Erica Tsang (Australia)

12:20 PM • 12:45 PM

THE JOHN FREEMAN & MILICENT KELLY AWARDS

Chairs: Helen Cross, Jong Rho

Auditorium Berlioz

12:45 PM • 1:30 PM

INDUSTRY SYMPOSIUM

See page 17 for the detailed program

Auditorium Berlioz

1:30 PM ~ 2:30 PM     Lunch on the exhibition area

2:30 PM • 4:00 PM

## SESSION 3 • TECHNOLOGIES IN THE KDT

Chairs: Ingrid Scheffer, Charlène Tan-Smith

Auditorium Berlioz

- 2:30 PM**      **Technology in the KDT: Biomarkers Monitoring (glucose, Ketones measurements).**  
Neha Kaul (Australia)
- 2:50 PM**      **Technology in the KDT: Translational and future assessment of metabolisms.**  
Erica Forzani (USA)
- 3:10 PM**      **Technology in the KDT: Nutritional assessments (including calorimetry).**  
Marisa Armeno (Argentina)
- 3:30 PM**      **Technology in the KDT: Apps to manage KDT.**  
Monica Guglielmetti (Italy)

### Flash Oral Communications

- 3:50 PM**      **Prevention of Metabolic Decompensation in KDT patients: A call for a generic emergency protocol.**  
Marieke J. Fokkert-Wilts (The Netherlands)
- 3:55 PM**      **Using Technology to Introduce Custom Food Choice Exchange Blocks in Medicalised Ketogenic Therapy.**  
Charlene Tan-Smith (New Zealand)

4:00 PM ~ 4:30 PM      *Coffee Break on the exhibition area*

4:30 PM • 5:55 PM

## SESSION 4 • FLASH ORAL COMMUNICATIONS

Chairs: Eric Kossoff, Elles Van der Louw

Auditorium Berlioz

- 4:30 PM**      **Low Carb, High Impact: Efficacy of Ketogenic Diet Therapy in Adults with Epilepsy**  
Kelly Faltersack (USA)
- 4:35 PM**      **From Knowledge to Practice: Educating Clinicians in Ketogenic Dietary Therapies (KDT) Through a Global Mentorship Program Model**  
Jennifer Carroll (Ireland)

- 4:40 PM**     **Carnitine Supplementation with Enteral Ketogenic Dietary Therapy: A Single Center Retrospective Review on the Role of Formula and Concurrent Therapies**  
Susan Fong (USA)
- 4:45 PM**     **Modified Atkins Diet versus Topiramate In Children With Epileptic Spasms Refractory To First-line Treatment: A Randomised Controlled Trial**  
Suvasini Sharma (Canada)
- 4:50 PM**     **An interventional ketogenic diet promotes blood-spinal cord barrier resealing and reduces spinal cord immune cell infiltration in a pre-clinical model of multiple sclerosis**  
Scott Plafker (USA)
- 4:55 PM**      **$\beta$ -Hydroxybutyrate Changes Mitochondrial Function and Gene Expression in Malignant Brain Tumor Cells**  
Adrienne Scheck (USA)
- 5:00 PM**     **Evaluating the use of Ketogenic Diet in Mitochondrial Diseases with and without epilepsy.**  
Armelle Hornard (France)
- 5:05 PM**     **Ketone-Induced Modulation of Sleep and Memory in the Aged Brain**  
Christa Nehs (USA)
- 5:10 PM**     **Digital Transformation: A Single Center Quality Improvement Program to Improve Access to Care for Ketogenic Dietary Therapies**  
Kayla Pasquale (USA)
- 5:15 PM**     **Efficacy of ketogenic diet for the treatment of post-traumatic epilepsy in children**  
Hyoung Choi (USA)
- 5:20 PM**     **K.Vita: a medium chain triglyceride supplement for drug-resistant epilepsy: real-world evidence of use**  
Natasha Schoeler (UK)
- 5:25 PM**     **Metabolic reprogramming in brain and muscle: the impact of ketogenic therapy on PPAR-mediated pathways and neuroprotection**  
Adriana Puerta (Colombia)

- 5:30 PM**      **Integrative Analysis of Multi-Omics Data to Elucidate Potential Antitumor Mechanisms of a Ketogenic Diet in Melanoma**  
Daniela Weber (Austria)
- 5:35 PM**      **Trial In Progress: DIET2TREAT - A Randomized Multicenter Phase 2 Trial Evaluating a Ketogenic Diet vs Standard Dietary Guidance Combined with Standard-of-Care Treatment for Patients with Newly Diagnosed Glioblastoma**  
Kara Bissell (USA)
- 5:40 PM**      **A Prospective Study to Test the Effectiveness of a Ketogenic Diet for Reducing Psychosis Symptomology**  
Charlotte Mccracken (UK)
- 5:45 PM**      **Children's Mental Health Resource Center: Ketogenic Therapy in Action! Program - Studying Ketogenic Therapy in the Treatment of Bipolar Disorder in Children Aged 6-17**  
Elizabeth Errico (USA)
- 5:50 PM**      **Exploring the Effects of Alcohol on Ketone Body Metabolism in Individuals on a Ketogenic Diet**  
Frank Brandhoff (Germany)

**8:00 PM**      **Congress Dinner**  
*By pre-booking - Congress bage required at the entrance*

FRIDAY, SEPTEMBER 19<sup>TH</sup>

8:30 AM • 9:30 AM

## INDUSTRY SYMPOSIUM

Auditorium Berlioz

See page 18 for the detailed program

9:30 AM • 11:00 AM

## SESSION 1 • BASIC SCIENCE AND TRANSLATIONNAL RESEARCH

Chairs: Adrienne Scheck, Robyn Blackford

Auditorium Berlioz

- 9:30 AM**      **Basic science and translational research: Is there any update on mitochondria and KDT.**  
Richard E. Frye (USA)
- 9:50 AM**      **Basic science and translational research: Is there any update on epigenetics and KDT.**  
-
- 10:10 AM**      **Basic science and translational research: Is there any update on microbiome and KDT.**  
Antonella Riva (Italy)
- 10:30 AM**      **Basic science and translational research: Is there any update on metabolism and KDT.**  
Robin Williams (The UK)

### Flash Oral Communications

- 10:50 AM**      **A Ketogenic Diet boosts Neuroblastoma Immunotherapy in mice.**  
Daniela Weber (Austria)
- 10:55 AM**      **Deciphering the Metabolic Footprint of Ketosis-Inducing Diets in Healthy Mice.**  
Daniela Weber (Austria)

**11:00 AM ~ 11:30 AM**      **Coffee Break on the exhibition area**

11:30 AM • 12:50 PM

## SESSION 2 • CLINICAL TRIALS WITH KDT

Chair: Natasha Schoeler

Auditorium Berlioz

- 11:30 AM**      **Clinical trials with KDT: Trials in infants: Kiwe trial - infantile epilepsy - what were the issues/experiences?**  
Helen Cross (The UK)
- 11:50 AM**      **Clinical trials with KDT: Trials for bipolar disorders.**  
-
- 12:10 PM**      **Clinical trials with KDT: Trials for tumors.**  
Jethro Hu (USA)
- 12:30 PM**      **Clinical trials with KDT: Trials for ASD.**  
-

12:50 PM • 1:35 PM

## INDUSTRY SYMPOSIUM

Auditorium Berlioz

*See page 19 for the detailed program*

**1:35 PM ~ 2:45 PM**      **Lunch on the exhibition area**      

2:45 PM • 4:15 PM

## SESSION 3 • KDT IN THE DAILY LIFE

Chair: Stéphane Auvin

Auditorium Berlioz

- 2:45 PM**      **KDT in the daily life: psychology best practice.**  
Sally Willis (The UK)
- 3:05 PM**      **KDT in the daily life: Adherence with the long term challenges.**  
Natasha Schoeler (The UK)
- 3:25 PM**      **KDT in the daily life: Quality of life in chronic ketogenic diet treatment.**  
Jennifer Carroll (Ireland)
- 3:45 PM**      **KDT in the daily life: Transition of care KDT (children to adults).**  
Laura Healy (Ireland)

## Flash Oral Communications

- 4:05 PM**      **Health-related quality of life (Hr-QoL) in patients with Glucose transporter type 1 deficiency syndrome (GLUT1DS) and ketogenic diet therapy (KDT): Preliminary results from a prospective study.**  
Anna Katharina Schönlaub (Austria)
- 4:10 PM**      **Partial substitution of ketogenic Diet Therapy with a blended diet: Evaluation of clinical practice in neurologically impaired fully tube fed children.**  
Monica Guglielmetti (Italy)

4:15 PM • 5:35 PM

## SESSION 4 • DEBATES ON THE USE OF KDT

*Auditorium Berlioz*

Chairs: Stéphane Auvin, Marisa Armeno

- 4:15 PM**      **Debates on the use of KDT: neonates pro, Should we use KDT in the treatment of neonates?**  
Anastasia Dressler
- 4:35 PM**      **Debates on the use of KDT: neonate cons;should we use KDT in the treatment of neonates?**  
Suresh Pujar (The UK)
- 4:55 PM**      **Debates on the use of KDT: Is ketosis the central therapeutic effect ;pro-ketosis (mechanism).**
- 5:15 PM**      **Debates on the use of KDT: Is ketosis the central therapeutic effect ; cons-ketosis (mechanism).**  
Simon Heales (The UK)

**5:35 PM**      *Closing and invitation to Global Keto 2027*

# INDUSTRY SYMPOSIA DETAILS

**WEDNESDAY, SEPTEMBER 17<sup>TH</sup> • 3:00 - 4:00 PM**

**K.Vita- An alternative Dietary Management Option for DRE. - Real World Evidence**  
Natasha Shoeler

**THURSDAY, SEPTEMBER 18<sup>TH</sup> • 12:45 - 1:30 PM**

**Overcoming Barriers to KDT: Enabling more Families to Benefit from Life Changing Impact on Seizure Management**

**Common Barriers to KDT**

Zoe Simpson RD, PhD candidate and Advanced Clinical Practitioner Great Ormond Street Hospital for Children NHS Foundation Trust

**KDT Easy Start Pilot Program in Practice: The German Experience: Introduction to the KDT Easy Start Program**

Dr Jen Carroll PhD RD FHEA, Director and Consultant Ketogenic Dietitian at The Keto Dietitian Ltd, Researcher and Visiting Lecturer at University of Plymouth, UK

# INDUSTRY SYMPOSIA DETAILS

**FRIDAY, SEPTEMBER 19<sup>TH</sup> • 8:20 - 9:30 AM**

**BASZUCKI**  
GROUP

## **Ketogenic Therapy in Mental Health: A Movement Informed by Lived Experience**

Moderator: Kirk Nylen, PhD - Baszucki Group

### **State of the field of metabolic psychiatry.**

Kirk Nylen, PhD - Baszucki Group

### **Ketogenic therapy inspires a fresh start: Lessons from experts by experience.**

Moira Newiss

### **Keto for ADHD/Depression**

Ally Houston

### **Keto for Bipolar Disorder**

Oliver Seligman

# INDUSTRY SYMPOSIA DETAILS

**FRIDAY, SEPTEMBER 19<sup>TH</sup> • 12:50 - 1:35 PM**

## **Advancing Nutritional Precision and Safety in Food Products for Adult Ketogenic Care**

**Moderator: Sybille Kraft Bellamy**

*Nutritionist and founder of KetoM+, Sybille brings two decades of hands-on experience in therapeutic ketogenic nutrition. She advocates for rigorous nutritional standards and innovation in the development of clinically compatible food products.*

*As ketogenic therapies continue to evolve, the need for adult-specific, safe, and precise nutritional solutions becomes increasingly urgent. This session explores how high-quality food products can enhance the effectiveness, adherence, and long-term success of ketogenic protocols in adult populations.*

*Moderated by Sybille Kraft Bellamy, (KetoM+) a nutritionist with 22 years of clinical experience and a strong commitment to evidence-based, patient-centered care, this panel brings together medical and nutritional expertise to address both the challenges and opportunities in adult keto therapy.*

**Dr. Wafaa Abdel-Hadi, Clinical Oncologist**

### **Empowering Adults: Making Complex Diets Understandable, Practical, and Sustainable**

*Dr. Abdel-Hadi explores how to bridge the gap between clinical prescription and real-world application, emphasizing patient education and sustainable dietary strategies in oncology and beyond.*

**Beth Zupec-Kania, RDN, CD**

### **Supporting Adults on Ketogenic Therapy: Monitoring, Adherence & the Role of Quality Nutrition**

*A leading voice in ketogenic medical nutrition, Beth highlights the essential role of high-quality, purpose-built nutrition in ensuring safety, metabolic control, and adherence over time in adult care settings.*

# GENERAL INFORMATION

## REGISTRATION DESK

**Tuesday, September 16** – 8:45 AM to 5:30 PM

**Wednesday, September 17** – 7:45 AM to 7:30 PM

**Thursday, September 18** – 7:45 AM to 6:00 PM

**Friday, September 19** – 7:45 AM to 6:00 PM

## CLOAKROOM

A cloakroom and luggage room are **available on level -2**.

## CATERING

**Tuesday, September 16**

Coffee breaks and buffet lunch are available in the exhibition hall, Room Debussy (Level 1).

**From Wednesday, September 17 to Friday, September 19**

Coffee breaks and buffet lunches are available in the exhibition hall, Room Menand (Level -1).

## PARTNERS

Come meet our partners in the exhibition hall!

**Tuesday, September 16**

The exhibition hall will be located in Room Debussy (Level 1).

**From Wednesday, September 17 to Friday, September 19**

The exhibition hall will be located in Room Menand (Level -1).

## PREVIEW

### OPENING HOURS:

- **Tuesday, September 16** – 9:00 AM to 5:30 PM
- **Wednesday, September 17** – 8:00 AM to 6:30 PM
- **Thursday, September 18** – 8:00 AM to 6:00 PM
- **Friday, September 19** – 8:00 AM to 6:00 PM

We recommend using Microsoft PowerPoint (pptx) with a screen size of 16:9. Please ensure your presentation is finalized and copied onto a USB stick or an external hard drive. If your presentation contains videos, remember to copy the video files into the same folder as your presentation.

We strongly advise *bringing your presentation to the preview room at least 3 hours before your lecture*. Our specialists will assist you by copying and checking your presentation to ensure everything runs smoothly.

To help keep the schedule on track, please make sure to respect your allotted time slot. A countdown clock will be displayed to show your presentation time progress.

# GENERAL INFORMATION

## LIVE/REPLAY

From Wednesday, September 17 to Friday, September 19, **all scientific sessions held in the Auditorium Berlioz will be available to follow via our live platform.**

Replays will be accessible a few weeks after the congress for registered participants.

## OFFICIAL LANGUAGE

All sessions will be conducted in English.  
Live English-to-French translation will be available on **September 17.**

To access the translation, connect to the live platform via your mobile device and select the translation channel. If you experience any difficulties, please visit us at the Registration Desk for assistance.

## LIABILITY/INSURANCE

The Organizing Committee and Global Keto do not accept liability for personal medical expenses, travel expenses, personal injuries sustained or for loss or damage of property belonging to participants or their accompanying persons, either during or as a result of the congress.

## MOBILE PHONES

Mobile phones should be set to silent mode during Scientific Sessions.

## PROGRAM CHANGES

Organizers are not responsible for any changes in the program due to unforeseen circumstances.

## CERTIFICATE OF ATTENDANCE

A certificate of attendance will be sent by email the week after the congress.

## BADGE

Your badge will be provided along with conference materials, at the registration desk. Participants, speakers and exhibitors are requested to wear their congress badge at all times.

# GENERAL INFORMATION

## SOCIAL PROGRAM

**Networking Event** for all attendees on Wednesday, September 17, from 6:30 PM to 7:30 PM. Join us in the exhibition hall (Level -1) for food, drinks, and networking.

## • CONGRESS DINNER •

### (PRE-REGISTRATION REQUIRED)

On Thursday, September 18, from 8:00 PM  
at Châteaufort Les Jardins de Saint-Dominique,  
49-51 Rue Saint Dominique, 75007 Paris.

Please remember to bring your congress badge, as it serves as your dinner invitation.

Learn more about Baszucki Group and emerging research in metabolic psychiatry at [baszuckigroup.com](https://baszuckigroup.com)

## “ We aim to fuel the emerging field of metabolic psychiatry

to deliver treatments that promote prevention, recovery, and remission in those at risk for or living with mental health conditions. ”

Our founders personally understand the challenges of a mental health crisis as well as the life-restoring impact of successful interventions. They are dedicated to supporting research and treatments that will offer new hope to families like theirs.

We believe the twin epidemics of metabolic and mental illness are biologically related, reversible, and preventable with proven nutritional and other metabolic strategies.

# Charlie Foundation FOR KETOGENIC THERAPIES

32 YEARS IN SERVICE OF KETOGENIC THERAPIES

1994

## CHARLIE FOUNDATION CREATED

After a year of seizures, failed drugs and brain surgery, Charlie becomes seizure and drug free on ketogenic diet therapy.

**FIRST EVER CONFERENCE ON KETOGENIC DIET**  
which evolves into Global Symposiums every 2 years.

1995

1997

## MERYL STREEP STARS IN "FIRST DO NO HARM"

A true story about a boy's struggle with epilepsy, its toll on the family, and eventual cure using a ketogenic diet therapy. Written, directed and produced by Jim Abrahams.

## KETODIETCALCULATOR IS CREATED

The first online tool designed to support diet professionals' ability to track and analyze their patients' ketogenic therapy.

2002

2006

## KETOGENIC TRAINING SEMINARS BEGIN

Spearheaded by Beth Zupec-Kania RDN. Over 300 hospitals educated.

## CONSENSUS PAPERS PUBLISHED FOR USE OF KETOGENIC DIET THERAPY IN PEDIATRIC EPILEPSY

10 years later, guidelines updated to recommend the use of the diet after 2 drugs have failed.

2008

2017

## CHARLIE FOUNDATION RECEIVES AMERICAN COLLEGE OF NUTRITION'S HUMANITARIAN AWARD

for being "an organization that has worked selflessly and effectively in the broader field of nutrition to benefit humanity".

## INTERNATIONAL NEUROLOGICAL KETOGENIC SOCIETY

The Charlie Foundation donates 30K to help launch this new organization.

2022

2024

## JIM ABRAHAMS MEMORIAL SCHOLARSHIPS

# Making Keto Moments

The Keto range from Vitaflo now includes K.Flo, for children and adults from 3 years of age and onwards who are on or starting on a ketogenic diet.

**K.Flo** is a nutritionally complete, **ready-to-use** feed with a favourable fatty acid profile. It has a 4:1 ratio of fat to carbohydrate and protein and with a vanilla flavour. And all in a handy, resealable bottle too.

**K.Yo** can be consumed directly from the pot or used in recipes for meals, snacks and drinks. It is great chilled, or can be frozen for a few hours to make a delicious **high fat low carbohydrate** ice cream-style dessert. Available in chocolate and vanilla flavours.

**K.Quik** is a good tasting fat blend containing medium chain triglycerides (MCT). It has been specially made to provide an **easy to use**, palatable and versatile choice of MCT.

Come and visit our stand or scan the QR code to find out more.

K.Flo, K.Yo & K.Quik are Foods for Special Medical Purposes and must be used under medical supervision.
